FROM WASHINGTON

Statement of the Public Debt---Sales of Government Gold, Bond Purchases, Receipts from Customs, etc.

WASHINGTON, June 2.—The total public debt, principal and interest, is $2,633,670,633 10.

The amount in the Treasury is as follows: Coin belonging to the Government, $81,939,494 49; coin for which certificates of deposit are outstanding, $23,310,720; Currency, $1,998,455 57; Sinking Fund, in bonds bearing coin interest and accrued interest thereon, $3,093,295 42; total, $128,258,039 98.

Amount of the public debt, less cash and sinking fund in the Treasury, on the 1st ult., $2,518,795,391.

Decrease of public debt during the past month, $13,384,797.

The warrants issued by the Treasury Department during May, to meet the requirements of the Government, amount in round numbers to the following sums: Civil, miscellaneous and foreign intercourse, $3,134,600; interest on the public debt, $19,831,000; Interior Department, Territories and Indian Department $1,638,000; total, $30,663,000. The warrants issued for the redemption of the public debt are not included.

During May the Government sold $5,000,000 in gold, and during that time bought $30,700,000 worth of bonds.

Customs receipts for May, $15,000,000.

The number of registered voters in Washington is 18,532, a decrease of 5200 since last year.

It is claimed that the State of Pennsylvania has the right to authorize the manufacture of cigars by convict laborers, and this subject has been officially presented to the Internal Revenue Bureau, but no decision has yet been rendered, but as far as can be ascertained the ruling will be against the claim, for the reason that if cigars could be thus manufactured without paying the tax, the distillation of whisky might be conducted on the same plan, and the Government would be deprived of a very large amount of revenue.

A statement has recently appeared that a statement at the State Department shows almost conclusively that the Brazilian and Argentine authorities, who control the La Platte, below Ascuncion, interrupted Minister McMahon's dispatches, and that McMahon was at Ascuncion on the first of April, and after that he ascended the river and joined Lopez. There is good authority for stating that the only authority upon this subject possessed by the Department, is that intelligence reached Rio Janeiro on the 7th of April of the arrival at Ascuncion of the United States Minister resident to Paraguay. One account received from there reads as follows: "The American Minister has accepted from Lopez and is now under the protection of the Brazilian authorities in Ascuncion."

FROM LONDON

Discussion of Canadian Affairs in the House of Commons.

LONDON, June 2.—In the Commons last night in response to a query, Mr. Mousel, the Under Colonial Secretary, stated that the policy on the part of the Government, towards the American colonies was to throw the cost of self-defense on each colony. He believed that the cession of the Hudson Bay Company's Territory would be satisfied by Canada, and if the scheme was successful the division would extend from the Atlantic to the Pacific, and that every facility would be given to forward the interests of British Columbia in connection with those of Canada.

Stafford Northcote thought the Canadians able to decide their own actions, and said he believed the question would be satisfactorily settled.

Mr. Burne regarded Canada as the future highway to India; and ridiculed any project for annexing Canada to the United States.

Mr. Adderly regarded the present arrangement as satisfactory, and said that while generally disapproving of Government guarantees, he would vote for this.

The *Star* publishes a highly complimentary article in which it says: The character of Mr. Motley is in itself a sufficient indication that the United States will treat the impending subject honorably; while the presence of Mr. Bright in the English Cabinet, with Gladstone at the head of the Ministry, constitutes a sufficient and equal guarantee that England loves peace; and that a determination to do justice animates the Ministry.

The *Telegraph* thinks that Mr. Motley will for the present devote himself to the discharge of the ordinary duties of his office, and in that capacity he may consolidate that cordial alliance which ought to exist between the two countries. It will be a reproach to the English politicians and journals if for the sake of pandering to the popu-prejudice, they throw difficulties in the way of the missions of good will and peace which Mr. Motley declares he comes to carry out, even to the end.

The *Times* understands that no new demand has been addressed to England, and that Mr. Motley enters on his duties without any prospect of controversy, but at the same time says the English Govetnment should examine any new proposals and see if they promise a just and equitable solution of the question, and if the neutrality proclamation is made the subject of grievance, we are bound to listen to the arguments addressed, though it is impossible that any good purpose would be subserved by raising such discussion.

LOUISVILLE.

The Commercial Convention to Receive a Hearty Welcome.

State Tobacco Fair---Large Attendance.

LOUISVILLE, June 2.—A very large meeting of citizens was held to-night, at which resolutions were passed cooperating zealously with the Committee of Arrangements and any auxiliary committees to insure the complete success of the Commercial Convention which meets here in October, and the enjoyment of the delegates and strangers who may come here.

The annual State Tobacco Fair, which was held in this city to-day, was a grand success. The attendance was immense, nearly every tobacco grower in the State being present. The number of hogsheads entered was 550, which have no parallel in the history of the trade. After the premiums had been awarded, the company partook of a sumptuous repast, at the close of which the premium tobacco was sold at prices ranging from $14 for Baum county leaf, to $131 for Hart county bright leaf. The premiums for best Virginia bright wrappers were awarded to P. & E. D. Chustem and W. H. Burwell, of Richmond.

FROM NEW YORK.

Motley's Instructions Still Mystified---Trotting Match over Union Course---American Girl Takes the Purse.

NEW YORK, June 2.—The *Herald's* correspondent says: "Notwithstanding the tone of the London press I have good authority for saying that not one of the newspapers have received the slightest hint or indication of Motley's instructions, which, I am assured, will in the end, be found thoroughly dignified and in a firm American tone.

The trot at Union Course to-day for $2500 was won by American Girl, who beat Lacy and Goldsmith's main in 2:22¼, 2:23 and 2:25. Lady Thorn was lame. It was showery, but there were nearly 5000 persons present.

FROM HAVANA.

The City Terribly Excited---Serious Riots Expected.

Heavy Engagement Between the Spaniards and Insurgents.

HAVANA, June 2.—$70,000 have been received for confiscated property since the 9th of April.

The city has been terribly excited since yesterday. The volunteers are arriving, and serious riots are expected.

A heavy engagement has taken place between the Spaniards and Insurgents on the peninsula between the bays of Nisse and Banas. The official report announces that the four cannon and all the munitions brought by the Fillibusters was captured.

LETTER FROM THE POPE.

Indulgence to the Whole Catholic World.

His Holiness, Pius IX, Pope, has addressed to all the faithful throughout the world a letter granting plenary indulgence and remission of sins on the following conditions viz: "We announce to the whole Catholic world an Indulgence in the form of a Jubilee. In the name of God most powerful and most merciful, supported by the authority of the holy Apostles St. Peter and St. Paul, in virtue of the power of binding and loosing with which our Lord has invested us, however unworthy, we grant a Plenary Indulgence, and remission of all their sins, as it is granted in the year of Jubilee, to all the faithful of both sexes, either dwelling in our much loved city of Rome, or having come within her wall, who shall, between the 1st of June, and the day of the closing of the Ecumenical Council convoked by us, visit the basilicas of St. John Lateran, the Prince of the Apostles, and St. Maria, Majore, or at least visit one of them twice and devoutly pray there for some time for the conversion of sinners, for the propagation of the faith, and for the peace, tranquility and triumph of the Catholic Church; who, in addition to the accustomed fast of the Ember days, shall fast for three days, even not consecutively, that is to say, Wednesday, Friday and Saturday, and who, in the course of time, shall have confessed their sins, reverently received the Holy Sacrament of the Euchraist, and given some alms to the poor according to their power. To all not living in Rome, we grant the same Plenary Indulgence and remission of their sins, on condition of their visiting, within the given time, the churches which shall be pointed out by the Ordinary of the place, or the Vicars to whom the charge of souls is committed, and fulfilling the conditions already spoken of. This Indulgence is applicable to the souls in purgatory. Travellers by land and sea may gain it by fulfilling the conditions and visiting twice the cathedral or parish church of the place where they are. * * * We also ordain that from the 1st of June next, to the close of the Ecumenical Council, all the priests of the Catholic world, secular or regular, shall add every day to their Mass the prayer to the Holy Ghost, and that besides the accustomed Mass, the Mass of the Holy Ghost shall be said every Thursday, except on a double of the first or second class, in all the parish churches, basilicas, or collegiate churches in Rome, and in all cathedrals and college chapels throughout the world, by their respective canons, also in every church served by the regulars and bound to say a conventual Mass. This Mass of the Holy Ghost binds under no obligation regarding the application of it. Given at St. Peter's in Rome, under the Ring of the Fisherman, the 11th of April, 1869, the twenty-third year of our Pontificate.

ADVENTURESOME.

A ROMANTIC AND DASHING CAREER.

The Life of Capt. John Smith thrown into the Shade by an Irishman.

(From the New York Sun.)

The capital of Ireland has produced many strange and extraordinary individuals—poets, orators, duellists, and the wild Irishman in every phase of the national character. "Donnybrook" was in its day famous the world over for the rapidity with which the "diversion" could be inaugurated, the handy manner in which skulls were cracked for the mere amusement of the thing; and then, after the battle ceased, the loving embrace which appeared so ludicrous, and the abundant potations of mountain dew, which washed the wounds and healed the cause of quarrel, brought annually to the "Brook" adventurous spirits from every quarter of Ireland. The young gentlemen of Dublin were in early youth imbued with the spirit of this devil-may-care sort of fun, and especially the Trinity College boys, for whom nothing was too hot nor too heavy.

No wilder, more jolly, daring, or dashing gallant broke from the portals of old Trinity, or scaled its walls for a spree in *Jude's*, a raid through the city, or a free fight on the green of Donnybrook, than your "phenomenal Irishman," Eugene O'Reily, or Hassan Bey. He is the son of an eminent attorney in Dublin, and was born in Lower Gardiner street about the year 1824, and entered Trinity College when seventeen years of age. College life did not suit the taste of the descendant of the "Onefin O'Reillys." He eagerly desired to change the garb of the student for military costume, and, before he graduated, cap and gown were cast aside, and he sought military life and adventure in Austria, where he obtained a lieutenancy in a hussar regiment. He was just the right sort of material for that branch of the service. He stood about five feet ten inches, had a lithe, active frame, red hair, sanguine temperament, bright, restless blue eyes, a handsome face, and well developed forehead.

After serving for some time with distinction, his impulse, erratic, Celtic nature and love of adventure—some said there was a lady in the case, just as there was recently with his phenomenonship in Syria—led him into difficulty. He quarreled with his superior officer and challenged him to mortal combat, for which offense against discipline he was forced to leave the service, and he returned to Dublin.

After a short stay he proceeded to Italy at the time Charles Albert undertook, with the blessing of Pio Nono and the sword presented by that Pontiff, to drive the Australians out of Italy. He joined the army of the King, as captain of light cavalry, and fought bravely throughout the short and disastrous campaign.

The revolutionary spirit was abroad in Europe. Ireland caught the flame and was boiling over with rebellion. O'Brien, Dillon, Meagher, Doheny, O'Gorman and McGee, from forum and hill top, sent forth those eloquent appeals that seemed sufficient to make the bones of a dead nation stir in their tomb. Revolutionary clubs were formed all over Ireland, and the people were arming with whatever description of weapon they could procure. Dublin was the headquarters of the organization. O'Reilly returned once more to the banks of "Anna Liffey," and threw himself into the movement with all the fervor of a patriot soldier. He became President of one of the Dublin clubs, and was a member of the Central Council.

The suspension of the habeas corpus act brought matters to a crisis, a rising was precipitated, and after the feeble attempt at rebellion had fizzled out at Ballingary, O'Reilly escaped to Paris and enjoyed life in that gay capital until the breaking out of the Hungarian revolution in '49. He snuffed the breeze of battle like an ancient war-horse, was seen in harness, and the Boulevards know "Gen. Count O'Reilly" no more.

He obtained a captaincy in a light cavalry regiment, fought gallantly in nearly all the great battles of the campaign, and was raised to the rank of Colonel. After the betrayal of the Hungarian army by Goergey, when the cause was irretrievably lost, he escaped across the Turkish frontier with Gen. Bain, turned Musselman, and was *baptized* Hassan Bey.

He was again made captain of a cavalry regiment in the Turkish service, and remained in it until a short time previous to the breaking out of the Crimean war, in 1854. He again returned to Dublin, and let himself loose in gay dissipation, as in his college days of yore.

When hostilities commenced between the Russians and the Turks, he hurried over to London, obtained an interview with Lord Palmerston in Downing street, explained to him the sort of military life he had been leading for some years, and asked for a commission in the Turkish contingent of Bashi-Bazooks, or irregular cavalry, which was subsidized and officered by the Britisn Government; but he told Palmerston very frankly that he had been engaged in the '48 affair in Ireland, which might be an objection to his appointment.

Old Pam, in his handsome tones, said: "Not at all, my dear fellow. On the contrary, it is one of your strongest recommendations. Any one having the temerity to embark in an enterprise so desperate has just the sort of mettle we require in the present war."

He was commissioned Colonel of the semi-disciplined, semi-barbarous contingent of the British army, the fierce and wild-looking Bashi-Bazouks. He served throughout the Crimean war, and distinguished himself by the dash and pluck which he invariably displayed in every engagement he entered.

In 1857 he returned to Dublin, where he remained only a short time. He resumed his romantic career in Turkey, Syria, Egypt, and elsewhere; but having fallen into the toils of the Delilah of the desert, he is now in the custody of the Sultan.

The New York *Evening Post* of the 26th, in reference to the policy of our Government in the Alabama claim affair says: "It is ascertained from the most trustworthy sources that the President considers that England established a precedent during the late war which cannot be regarded otherwise than exceedingly favorable to the United States. It is therefore useless to ask England to retrace her steps so long as she considers herself in the right, and with nothing to fear from the United States in case she should go to war with any other power. The President believes that these are matters which concern England rather than the United States, but that on the other hand, if England sees that she was wrong, and that the same neutrality principles she applied to the United States would prove very disastrous if applied to herself in some future emergency, then it is for her to open again the so-called Alabama matter and make propositions for new negotiations. In this condition the question stands for the present, and the President sees no necessity whatever just now for pursuing a more energetic foreign policy in reference to England.

All Policies Non-Forfeiting

Dividends on the Contribution Plan,

Securing the greatest pecuniary advantage to the Policy Holder.

REASONS FOR INSURING IN THIS COMPANY.

1st. This is a Western Company, managed by Western men, whose known financial character, ability and position afford ample guarantee for its careful and successful management.

2d. Its Policies are ALL NON-FORFEITING.

3d. Premiums ALL CASH. It receives no notes and gives none. Policy Holders have NO INTEREST to pay, and no outstanding NOTES AS LIENS upon their Policies.

4th. Dividends and Losses paid in Cash.

5th. Insures at LOWER RATES than any Eastern Company.

6th. Its risks are in the West, where the rate of mortality is LOWER and the rate of Interest HIGHER than in the East; hence the accumulation of dividends to the Policy Holder is greater than in an Eastern company.

7th. It has no restriction upon travel.

8th. Its dividends are made upon the CONTRIBUTION plan.

9th. Its business is EXCLUSIVELY Life Insurance.

DIVIDEND

Are the accumulations of interest upon Premiums paid; hence the company that loans its assets at the highest rate of interest, can give you the largest dividends. Eastern Companies invest their monies at six per cent., while this makes its investments at TWELVE per cent. or more.

The advanteges of Western Investments to the Policy Holder, appear in the following startling figures:

The amount of $1000, invested for 50 years at 6 per cent. compound interest, is............$ 18,420 15
8 " " " is........... 46,901 64
10 " " " is........... 117,360 85
12 " " " is........... 318,088 00

It is obvious that this Company offers greater financial advantages and inducements to the Policy Holder than any other Company in existonce.

MEMPHIS APPEAL

THURSDAY MORNING, : : : JUNE 3, 1869.

NEWS OF THE DAY.

The burning of dead bodies is strongly advocated in Paris.

The farmers in the section of country around Paducah, Ky., have recently been complaining greatly for the want of rains. The ground is becoming hard and dry and needs a great deal of rain.

The Clarksville *Patriot*, whose editor is a Senter man, hoists no name for Governor. The Chattanooga *Republican*, whose editor is a strong Stokes man, also raises no name, as there was no nomination.

The Montgomery *Advertiser* says all the railroads leading to Montgomery, and the hotels of that city, have agreed to charge only half rates to parties visiting the Immigration Convention, which meets there on Tuesday next.

Alabama is moving on the subject of Chinese labor. The Chinese will probably make their appearance in that State in a few weeks. Prentiss says they are expected to aid in the cultivation of cotton, but we should think that they might succeed with pig-tail tobacco.

The Arkadelphia (Ark.) *Southern Standard* of the 29th says: The weather for the past few days has been quite warm, and the beneficial results to the crops are very perceptible. The crops generally are now growing finely, but are beginning to need rain.

Gen. Dulce, Captain-General of Cuba, is sick, probably mentally as well as physically, and desires to be relieved of his delicate and responsible position. His request has been acceded to, and Gen. De Roda goes to Cuba to assume the difficult role of Captain-General of the island.

Judge Brady, of New York, has just decided that a gas company has no legal right to threaten the removal of a meter, or to cut off the gas supply of a residence or a house of business in order to enforce the payment of a claim disputed by the consumer, and that money paid under such a threat can be recovered in the courts.

Senators Patterson and Cragin, of New Hampshire, have been hauling the President over the coals for the suspension of Minister Hale, on the ground that it gives color to the charges against him, prior to their investigation. Mr. Grant disclaimed any such intention, but did not condescend to explain his action.

According to an estimate made by a well informed traveler, the Chinese expend annually over $20,000,000 to appease and propitiate the souls of the dead. About $30,000,000 are annually expended in worship of the Foo gods, and $100,000,000 in the worship of family ancestors. Idolatry is an expensive luxury.

One of the members of the Illinois press, who have been traveling through the South, writes home as follows: The worst Radicals we have among us on our excursion admit that the people of the South are whole-souled and clever. The North should only visit the South to see them as they are. No better people ever lived than those of the South.

Irish agricultural prospects were never brighter at this season than they are at present. The most favorable accounts are received from all parts of the provinces as to the extent of cultivation and the state of the crops. The grass lands have been benefited immensely by the rains, and the potato and cereal crops are healthy looking, and promise an early and abundant yield.

All accounts about the wheat crop in Kenton, Ky., and neighboring counties continues favorable. In some localities apples and peaches are dropping, but on the whole a pretty full yield is anticipated. The accounts about the corn are not so favorable: It is unusually backward, and in many cases it has been found necessary to replant. The favorable weather for the past few days will no doubt make a decided change for the better.

The other day, at Paris, Tenn., a rather singular accident occurred, resulting in the death of a negro child. Two children were standing in the door, one of which had a pipe stem in its mouth. The other child gave it a violent push which threw it out of the door, causing it to fall on its face and forcing the pipe stem into its throat, inflicting an injury from which it died in a day or two.

The Louisville *Courier-Journal* of Tuesday says the Boone Centennial has not been abandoned as has been announced and is erroneously supposed. The mistake we imagine grew out of the fact, published by the Frankfort *Yeoman*, that the committee selected to make the necessary arrangements had found the time intervening before the 7th of June too short for a celebration on that day. But we have the whole year before us, and, one day being as good as another, the enterprise will be carried forward with energy by those who have it in charge.

The Albany (N. Y.) *Argus* says: Two gentlemen from Massachusetts are constructing at Troy a "cigar ship," composed entirely of two big cigar shaped cylinders, with engine works and paddle wheels between. The cylinders are one hundred feet long, and eight feet in diameter each. They expect to obtain with it a speed of forty miles per hour. It will be remembered that Ross Winans constructed one similar some years ago.

The St. Louis *Times* of Tuesday says: An expedition, under the charge of Senator Waters, of Ray county, and Col. Wm. Fletcher, brother of ex-Gov. Fletcher, is rapidly being organized for purposes not wholly disconnected with the cause of Cuban independence. The first two named gentlemen are probably in Cuba by this time prospecting for a good landing place, as they were to have left by rail for New Orleans over a week ago.

The Knoxville *Press and Herald* of Tuesday says: "We are sorry to learn from our farming friends that the oat crop will be very short this season, some thinking there will not be one-third of a crop. Letters from various portions of East Tennessee confirm this opinion. The corn looks very bad in some localities, has a sickly, yellow appearance, and is very small generally. The wheat is fine. We have heard of but few cases of rust, and they are so widely scattered that it will have no effect on the amount of the crop."

The Jacksonport (Ark.) *Herald* says: We have been informed by a gentleman living in Big Bottom, Independence county, that a young lady named Powell shot and killed herself one day last week. Her mother, who is a widow, but recently moved from Missouri, and located a few miles below Col. Morgan Magness. The cause of the rash act is supposed to be a disappointment in a love affair, as she killed herself with the pistol of the young man to whom she was ardently attached.

Among the lay delegates in attendance upon the annual council of the Episcopal Church at Fredericksburg, Va., is Gen. Robt. E. Lee, who represents the church in Lexington. The appearance of the General in the region in which some of his greatest triumphs of battle were won seems to have created great enthusiasm. Although it was within a few minutes of midnight when the train upon which he came arrived, a large crowd had gathered at the depot to greet the old hero. As he stepped from the platform, leaning on the arm of a friend, he was immediately recognized in the moonlight, and at once there arose a cheer so loud that it woke the whole town with its echoes, and startled many of the passengers on the cars who until this time were ignorant that so distinguished a personage was one of their number.

The Knoxville *Press and Herald* of Tuesday says that one day last week, while some young men were plowing in a field near Kingston, one of them named Mee plowed up a root which he is supposed to have mistaken for angelico. He bit and chewed a piece of it, when he was immediately taken sick, and before he could be taken to a house, was a corpse. We are informed two deaths from somewhat similar causes occurred in the neighborhood of Kingston last year. Dr. Ritchie, from whom we learned these facts, brought a piece of this fatal root to this place to have it analyzed.

THE PROCEEDINGS OF THE COUNCIL.

The attention of our readers is called to the report of the proceedings of the Board of Mayor and Aldermen, on our fourth page. They will well repay perusal, having reference, as they do, to the Street Railroad Company, the Dry Dock Company, the street laboring force, the Board of School Visitors, and almost every other corporation and city interest. Our reporter has given a faithful synopsis of the speeches, and as nearly a complete photograph of our City Council as the variety of complexions comprising it would permit.

THE FRANCHISE QUESTION IN NASHVILLE.

The Nashville correspondent of the Louisville *Courier-Journal* gives in Tuesday's issue, of that paper, the following gossip as to the breadth, scope and effect of the late decision of our Supreme Court, touching the franchise question:

> The universal theme of conversation here is the franchise, and how it is affected by the recent decision of the Supreme Court at Brownsville. Judge Shackelford, of the Supreme bench, arrived in Nashville to-day, and from private conversation with this gentleman it is made certain that the decision is as broad and sweeping as the people of the State could desire. It was unanimous by the court. Under the decision every man who has received a certificate, whether from a County Clerk or Registrar, is entitled to vote. This decision will expand the franchise at least 40,000. County Clerks, under whose supervision registration was conducted under the first law, are getting blanks printed for the purpose of issuing duplicates to those who have lost their certificates.
>
> Wm. B. Stokes, one of the candidates for Governor, has gone to Washington for the purpose of consulting with his friends as to the policy of announcing himself on the platform of universal suffrage, and the late Supreme Court decision has driven Gov. Senter, the other candidate, to East Tennessee to consult his friends as to the situation and the policy best to be pursued. It is evident that one or the other must come out on broad and liberal ground. The Conservative press all over the State is opposed to running opposition candidates either for Governor or the Legislature. The universal expression is for liberal Republicans who will go for universal suffrage.
>
> There is a lull just now in the canvass. Both Stokes and Senter are measuring strength and getting ready for combat. It is evident that Stokes has all the conservative moderate Republicans on his side, with a large proportion of negroes.

BOTH BACKING DOWN.

WE yesterday gave to our readers upon the responsibility of the Cincinnati *Commercial* and the Washington *Chronicle*, the sentiments of amity and good will towards his Radical opponents expressed by STOKES on his way to and while in Washington. He said that he could see no difficulty in the way of a settlement of all differences between the factions which he and SENTER represent, notwithstanding the cursing and abuse to which each subjected the other at the late profane assemblage. Now, we learn that certain SENTER politicians, in a very cowardly spirit, are working in the matter of healing the breach which the STOKESITES fear will let SENTER into the gubernatorial chair, and give him complete control of the affairs of the State for the next two years. One W. H. WILLHOTE, of Cleveland, writes to the Knoxville *Whig* poposing that "both the present candidates withdraw and unite on the Hon. HORACE MAYNARD.." He believes this would give universal satisfaction, but the *Whig* has "no confidence that his suggestion will amount to anything practical." That paper expresses the belief that "Mr. MAYNARD has too much of decency, morality and honor to suit the STOKES wing of the party." The *Whig* says this because an attempt was made by BARBOUR LEWIS at the row at the capitol on the 20th and 21st of May to get that unruly crowd to compromise upon MR. MAYNARD, but the STOKES men hooted Judge LEWIS and the proposition down." At the same time, the *Whig* has "no objection to any honorable and fair adjustment of the matter." Thus the cursing of the STOKES men and the bitter and vindictive address of the SENTER men are likely to be for naught.

A COMMITTEE of the citizens of Sumner county, consisting of Capt. R. A. BENNETT, Hon. WM. WRIGHT and J. R. A. TOMKINS, Esq., waited on Ex-President JOHNSON at Nashville on Monday, and invited him in the name of the people of that county, to visit them. He accepted the invitation, and will be at Gallatin on Tuesday next, 8th June, where he will meet the people, and express to them his views upon the state of the country.

THE Nashville *Union and American* of Tuesday says: "The skies are certainly brightening. It was stated yesterday by a gentleman of eminence in the Radical party, that he purposed to announce himself in favor of the removal of all disabilities in regard to the Franchise privilege, and in favor of the early assembling of a Convention to revise the Constitution of the State."

MORRILL is to run for Governor of Maine on the Temperance platform, and is promised the support of such topers as CHANDLER, of Michigan, and YATES, of Indiana, both of whom frequently made beasts of themselves during the last session of Congress. Of course that experience will be availed of for MORRILL'S benefit, since it will enable DICK and ZACK to speak by the card.

PRESIDENT JOHNSON'S LAST SPEECH.

The Ex-President has taken the stump again. He is determined to spend and be spent in the service of the people. He knows them and they know him. Each has confidence in the other, and each relies upon the other for the faithful performance of duty. Mr. JOHNSON thinks the people of Tennessee have not been fully and properly awakened to the evils of Radicalism and the tendencies of that party to even a lower depth of degradation than it has yet found in Tennessee; and the people think there is something which they do not know that he can tell them, perhaps better and in plainer language than any public man in the State. Hence the call to Clarksville, and the Ex-President's ready response to it on Tuesday last, and hence the call to Gallatin, and his ready response to meet the people of Sumner on Tuesday next. That the benefits expected to arise from the demands of the public and the responses of Mr. JOHNSON will follow, we are not permitted to doubt. His speeches at Knoxville, Nashville and Memphis have already borne good fruit in awakening the people to a comprehension of the State as well as national situation. His latest effort at Clarksville is destined to still greater, because more direct results to our people. He reviews not alone the Congress and President of the United States to whom he deals heavy blows, incontrovertible as they are severe; but also the government of the State, under which our debt has been doubled without any appreciable or profitable benefits to the people, and through which anarchy and confusion, in defiance alike of custom, law and justice, have been introduced at the point of the bayonet, in the hands of a plundering militia.

He tells in plain and sometimes homely phrases, the history of the last eight years, and by the sincerity and honesty with which he speaks, convinces thousands who could not be reached by any other speaker. Mr. JOHNSON is entirely independent—is not a candidate or aspirant for office, and speaks purely and simply in answer to the demands of the people. Thoroughly intelligent, too, as to the situation, his words have unusual weight with those whom he addresses and for whom he is laboring, in some measure, as he says himself, to repay them for the honors they have in times past heaped upon him. The people believe in him and look confidently to him for a faithful picturing of public affairs. When he tells them, then, that the Radical party is disintegrating and crumbling away, they accept it as a fact and will prepare, as he advises, to give the public enemies no rest, but to "press home upon them and hasten their death by adherence, by bold, manly, courageous adherence to the essential principles of a true Republican Government."

WE invite the particular attention of our country readers to the following note from a Mississippi Postmaster, which explains one particular instance and perhaps answers for many others where complaint is alleged against the Postoffice Department by subscribers who do not get the APPEAL regularly. Many—as in the case of our friend, whose name we omit from the note—neglect to pay their postage, and so lose their paper; while others send to their Postoffice through irresponsible or careless persons, indifferent as to the successful performance of an errand that to them has no significance because too young or ignorant to appreciate the importance of "the paper." We hope this will serve as a warning to our friends in the country, and that hereafter they will look after their interests as faithfully as we do, generally, and as much so as the Postmaster who writes us this note, and to whom we are indebted for many favors. Read this:

> ——— ———, Miss., June 2, 1869.
>
> *Editors Memphis Appeal:* I received a notice from you, day before yesterday, informing me that there was complaint made to you, by some of your subscribers, that they did not get their papers regular and some not at all. I can account for this. Some people think that they ought not to pay postage on their papers; here is Mr. ———, for one; I paid the postage on his paper for twelve months, still threatening to stop his paper if he did not pay, so yesterday his son came in and paid, and he received five papers. A great many living off at a distance send by Tom, Dick and Harry for their papers; they get the papers, carry them home, read them, throw them down, and that is the last of them. So now you see where the fault lies—in neither you nor me, as you send the paper regular, and I always hand them out when called for.
>
> Respectfully, yours, ———, P. M.

THE Nashville *Banner* having published the name of Col. THOMAS J. FREEMAN, of Brownsville, as one of the counsel for the State in the late case of Tennessee vs. STATEN, that gentleman enters a disclaimer, saying that he "argued the case in conclusion "on the other side against the con-"stitutionality of the franchise laws, "and against the power of the Gov-"ernor to set aside registration. I "could not have been hired by all the "money in Tennessee to have occu-"pied the place you assign me." In publishing the note of Col. FREEMAN, the *Banner* says "We are glad his note gives us occasion, in putting him right, to join our applause to that of thousands for his noble efforts in a noble cause."

ON Monday night last the English House of Commons, by the decided vote of 361 to 247, endorsed, upon its second and final passage, the bill disestablishing the Irish Episcopal Church. This is a great stride in the direction of liberty, freedom and progress; to be followed, we hope, by others no less important for the people of Ireland. It will go far to allay the spirit of religious bigotry and intolerance which has alienated the Irish Protestant from his Catholic fellow-countrymen, and by doing away with the prime occasion of quarrel and strife between them, bring peace and security to the island, and lead to united efforts by the members of both creeds for the good, honor, safety and welfare of all the Irish people.

GRANT'S views of equality may be guessed at from his receiving every negro delegation that calls on him, and refusing to see an Indian delegation.

The Arkadelphia (Ark.) *Southern Standard*, in an article defensive of the APPEAL and controverting a position of antagonism to us by the Helena *Monitor*, on account of our exposures of the villainy and rascality of the Arkansas militia, thus endorses us:

> As for ourselves, we rejoice that we have so able and fearless a defender and advocate as the APPEAL, and we hope it will continue to ply the keen cimeter of caustic truth until it shall decapitate the official head of every petty usurper and tyrant in Arkansas. The people of Arkansas appreciate the course of the APPEAL in espousing their cause, and with the exception of the tyrants themselves who have committed the outrages, and a few weak-kneed people like the editors of the *Monitor*, who are so severely conservative that they regard every act of the "powers that be" as too sacred for rebel criticism, fearing that in coming "between the wind and their lordships" they might incur their mortal displeasure, most heartily endorse the course of the APPEAL, and bid it
>
> "Lay on, McDuff,
> And damned be he who first cries, 'Hold, enough!'"

Our friends of the *Standard*, and the people of Arkansas, among whom we have many, very many friends, may rest assured that we will not permit any occasion to pass that will afford us an opportunity of defending their good name and showing up, in their true colors, the miscreants who have preyed and are preying upon their best interests.

TO THE DEMOCRATIC CANDIDATES.

The Executive Committee of the Democratic party for this county held a meeting yesterday at which the following resolutions were unanimously adopted:

> WHEREAS, It having been demonstrated to the satisfaction of the Democratic Executive Committee of Shelby county, that enormous frauds were perpetrated, and that the Democratic ticket was fairly elected in the late judicial contest, be it
>
> *Resolved*, As the sense of this Committee that the Democratic candidates who have not received their certificates of election are recommended and requested to contest said election in the courts, and to make a vigorous use of all the means which the law provides, and the co-operation of all true Democrats is cordially invoked.
>
> A. WOODWARD, Chairman.
> J. HARVEY MATHES, Sec.

We regard these resolutions as timely, and endorse them as worthy the immediate attention, not alone of the candidates, but of all members of the Democratic party in any way, near or remote, cognizant of frauds or attempted frauds, through agents of the Registrar, or by his connivance. Already we think too much time has been lost. Had all of the candidates pursued the course adopted so promptly by Mr. WALLACE, instead of being in the dark, as we are, as to who is elected, WILLIAMS would days ago have made returns and verified what we believe is true, that the Democratic ticket, except the candidate for Chancellor, was elected. But it is never too late to mend. If the leading members of the party, among them some of the best lawyers of the District, will, with the candidates, at once take issue with WILLIAMS, perhaps we may yet reach a result for which facts and figures already given to the people have prepared them. There is no time to be lost. Let the movement be set on foot to-day.

IT is now believed at Washington that Secretary BOUTWELL intends to go on purchasing bonds until one per cent. of the debt for this year is cancelled for the sinking fund, which will necessitate the purchase of about twenty-six millions of five-twenties before January next.

BUTLER is said to be already at work for SUMNER'S place in the Senate. The contest will come off in 1872.

FINANCE AND TRADE.

OFFICE OF THE DAILY APPEAL,
MEMPHIS, June 2, 1869.

FINANCE.

There is no change in local finances. Exchange is easy upon the East, but New Orleans bills are scarce and in demand.

We have no transactions to report in City Bonds. An offer of 55c was made for 20 held in New York, by a Madison street dealer, but we do not know that it was accepted.

City Scrip is firm and in some demand, but offerings are light.

County Warrants are firmer, owing to some demand from parties who have sold short, and prices since yesterday have been a little better, but we learn that appropriations during the last day or two were large, and it is expected that considerable amounts will be thrown upon the market during the coming week.

Police Scrip is weak and demand light.

In Gold there is not much doing. Dealers buy, but keep up a fair shipping margin on Eastern rates:

C. P. Norris, Esq., Vice-President of the First National Bank of this city, and family, leave to-day for a tour throughout the North during the summer months. Mr. Norris has, by assiduous attention to the duties of his position at the bank, impaired his health to such an extent as to render recreation a necessity. That he may return invigorated and in the enjoyment of robust health, is the earnest wish of his large circle of friends.

There is a called meeting of the Chamber of Commerce to-day, as well as of citizens who have contributed money toward paying the expenses of the late Convention. The meeting is called for the purpose of making some disposition of the funds remaining in the hands of the Finance Committee. We have refrained so far from making any suggestions in reference to this matter, simply because we do not think there should be any difference of opinion upon the subject. When the Convention met it was not expected that the money subscribed and paid in would defray the expenses, and the city was asked to make up any deficit. By prudent management these funds not only paid all expenses but there was left a balance of about one thousand dollars. The Convention, which all acknowledge was a success, and which few have the assurance to say will not work a great deal of good, was called into life by our Chamber of Commerce. If that institution never did any other benefit to Memphis, the Convention alone should endear it to every citizen, and make them feel a pride in sustaining it. Without it, Memphis—the third great cotton market of the South—would be groping in the dark. No means could be adopted by which our commercial status could be arrived at, and our imports and exports would be unknown. The Chamber is in debt. It is not much, to be sure, but this $1000 will pay off all its indebtedness, and will also pay all its expenses until the commencement of the next business year. We hope, therefore, that the gentlemen who meet in the Chamber to-day will look upon the matter in its broad business light, and will by their action in the premises prove that they have a proper pride in the good name of Memphis abroad by supporting this institution, which has struggled along so manfully, and now wants only the small surplus left in the hands of the Finance Committee to make it a fixed fact, we hope, for all future time.

The offerings of Governments at the opening to-day were in excess of the bids, and the tendency was towards heaviness, resulting, before the close, in a slight decline:

COTTON.

The Liverpool market at the opening to-day was firmer; Uplands 11¾d, Orleans 11⅞d. It was firm and unchanged at 1 p.m., and closed firm with sales of 15,000 bales.

In New York at the opening the market was very firm, and holders asked higher prices; Low Middlings 28¾ to 29c, Uplands 30c, Good Middlings 31¼ to 31½c. At noon it was quiet but firm; Low Middlings 29c, Middlings 30c, Good Middlings 31½c. At 2 p.m. it was quiet, firm and unchanged, and closed firm at same quotations. Sales to speculators 2830 bales. To spinners 1000 bales; for export 670.

Our market was active so far as the inquiry was concerned, but as it was mostly for high grades, of which there is little on the market, sales were comparatively light. A table of over 300 bales Ordinary sold early in the day at 25c. The other sales were mostly in a small way and at irregular rates. As nearly as possible the following were the closing quotations:

Good Ordinary	26½@27
Low Middlings	27½@28
Middlings	28½@29

TRADE.

The only noticeable feature in the general markets to-day was an advance in meats. A private dispatch received from St. Louis by a firm in this city quoted Clear Bacon Sides in that market at 17½c and advancing. Holders here ask ¼c more than on yesterday.

The demand for choice eating APPLES is fair with few in market. Prices range from $10 to 13 per bbl. as to quality.

Choice Navy BEANS are quiet at $2 50 to 2 75 per bushel. Mixed White $1 50 to 2 00 per bushel.

In BUTTER prices are weak and irregular. We quote choice at 25 to 30c.

As before stated we quote PROVISIONS higher but the demand is light to-day. Bacon Clear Sides 17¾ to 18c; Clear Rib 17¼ to 17½c; shoulders 13¾ to 14c. Bulk meats are out of season and dull; Shoulders 12¼ to 12¾c; Clear Sides 16½ to 17c. Mess Pork $32 25 to 32 50. Prime Mess $29 00. S. C. canvassed Hams 19 to 20c. Lard is firm. Tierces 19 to 19c½; Kegs 19½ to 20c½; Caddies 21 to 22c.

The stock of COFFEE is ample and prices firm. Ordinary to prime Rio 20 to 26c; Java 35 to 37c.

There is a moderate demand for CORNMEAL. Fresh in lots $3 50 to 3 60; Kiln-dried $3 65 to 3 75.

In DRIED FRUITS we make no change. Apples are firm at 11 to 12c; Peaches 12 to 13c.

The stock of EGGS is fair and prices steady at 19 to 20c.

MISCELLANEOUS.

The application for a foreclosure of a mortgage, by the mortgagees of the Cincinnati & Chicago railroad, was heard yesterday at Indianapolis. The application was granted, and an order issued for the sale of that part of said road lying between New Castle and Muncie.

At the Commercial Convention in New Orleans last week, Gov. Foote, of Tennessee, sent up a communication from Samuel B. Smith, to be read by the Secretary, on the propriety of a more thorough co-operation, and the more harmonious working of the railroads of the South, and suggesting the propriety of this Convention recommending a Railroad Convention at an early day, to be held at Nashville. The communication was received.

The Fayetteville (Ark.) *Democrat* of the 22d says that Col. M. LaRue Harrison, Chief Engineer of the Pacific and Great Eastern Railway Company, left there on Monday last with a full corps of able assistants for the purpose of making a preliminary survey of this great route. He proposes beginning at the Cherokee line, running east to the mouth of the Ohio river. We can assure the friends of this road that the company are in earnest, and their actions show that they mean business. Build this road and North Arkansas will be right side up with care.

According to the best authority there are sixty-four hundred and forty-seven millions tons of coal in the belt of country lying fifteen miles on either side of the Tennessee and Pacific road, between Nashville and Knoxville. At the rate of three million tons a year consumption this quantity would last over two thousand years. At the rate of three dollars per ton it would bring money enough to give every man, woman and child in the State a fortune of twenty thousand dollars.

It is announced that in consequence of the increased trade and travel, a third and fast passenger train will be put on the St. Louis and Chicago railroad on June 6th. The train will leave each place at 7½ o'clock a.m., arriving at its destination at 6 o'clock the following morning, making but four stops on the route. This arrangement will include a Saturday night train, and will be a great accommodation to business men. The receipts of the above road since January 1st show an increase of $400,000 over those of the same time last year.

The Montgomery (Ala.) *Mail* says: We are glad to know that the people of Tallapoosa have voted aid by 600 majority to the Savannah and Memphis road, presided over by Col. Sam. G. Jones, a gentleman in whose hands the public are satisfied that the interests of the counties through which the road passes will be subserved. The road of Col. Jones is not to be confounded with the wild-cat affair of Harrington and Hinds. Harrington's road is an objectless affair, except in so far as securing State and county bonds are concerned. But the Savannah and Memphis roads makes a natural connection, and presents an air line between the cities whose names it bears. This road will benefit Opelika and prove remunerative. The other would be a dead weight on the county and never pay expenses.

SPECIAL NOTICE.

The Vital Statistics of the United States Show that periodical fevers and acute and chronic disorders of the stomach and bowels are among the most prominent and fatal diseases in this country. Disobedience to the laws of health, as regards diet; the use of pernicious stimulants, and the wear and tear of business excitement, and of "fast life" generally, have much to do with the prevalence of these maladies in our cities; while in the West, and especially in the newly opened districts, they are chiefly due to malaria, unwholesome water, and the exposure and privation incident to life in new settlements.

Now, IT IS A FACT, that it is as possible to protect the human system against these maladies, as to guard life and property against the incursions of assassins and thieves. Strengthen the vital organization with HOSTETTER'S STOMACH BITTERS, and it becomes as capable of resisting the active principle of epidemic or endemic disease, as a fire-proof safe is of resisting the action of combustion. This is the experience of thousands who have remained unscathed by malarious disorders in the sickliest seasons, while their neighbors, who neglected to tone and regulate their systems with this unequaled medicinal stimulant, have fallen thick and fast around them. Weakness invites disease. Vigor repels it. Help nature to fight the good fight with infection, whether it be in the air, the water, or the soil, with this matchless preparation—a compound of the rarest vegetable extracts with the purest of all diffusive stimulants.

It removes all unsightly Blotches, Redness, Freckles, Tan, Sunburn and Effects of Spring Winds, and gives to the Complexion a Blooming Purity of transparent delicacy and power. And he did many wonderful works, insomuch that his name was pronounced in many tongues. And there came unto him Judith, from the seaport of New Bedford, who had been sick for many years; and after some days her pains were gone. She slept soundly, and did rejoice in eating her food. And Asa, from those which are called Quakers, in the great city of Philadelphia, wrote an epistle saying: O, Doctor! accept thou this money, which is called greenbacks, and hath the picture of Abraham, thy friend, on one end. For, verily, I was weak, exhausted and despondent; I ate but little, and suffered many pains, and thy PLANTATION BITTERS gave me health, likened only unto the vigor of youth. And upon such as are afflicted with liver complaint, with sour stomach, with general debility and dyspeptic pains, in all parts of the land did these Bitters produce astonishing cures.

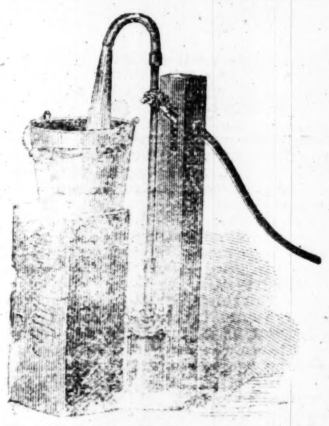
PATENT PUMP.

A BALDING'S

DOUBLE ACTING SUBMERGED

FORCE PUMP.



PATENTED AUGUST 8, 1865.

MANY thousand of them have been tested during the past four years, and have proved a perfect success, as thousands of certificates could be produced; but I deem it unnecessary, as the Pump will show for itself, and prove all its qualities on examination.

It is a Pump which is ultimately destined to supercede all other Pumps now in use, for the simple fact—first, the cylinder is made of solid flint glass, and it undoubtedly will last one hundred years, and still be good as ever. Second, it will never give any bad taste to the water, or rust it. Third, it will never wear out, so as to put the working part out of order. Fourth, the Plunger working in glass, it will last as long as five in iron or wood. Fifth, the valves are made of glass, and are so placed that it is impossible for them to get out of order. Sixth, the conducting pipe is manufactured of wrought iron, galvanized inside and out, making it perfectly free from rust. Seventh, no water stands in the pipe to get warm in summer or freeze in winter, and it requires no priming to start it. Eighth, it is the best hand fire engine ever invented. It will force the water from any common well or cistern to the top of the highest dwelling, at the rate of twenty gallons per minute. Ninth, its whole construction is so simple and complete that renders it less liable to get out of order than any pump yet invented, and makes it the cheapest on the continent. When all its qualities are fully understood no one will be without it. It will save its cost in insurance and many times save valuable property.

Having established a factory in the city of Memphis, Tenn., for the manufactory of these Pumps, we are now prepared to furnish, at wholesale and retail, to all parties engaged, or wishing to engage in the business.

Prices for this Pump, Complete:

For Pump 16 feet long, $1 50 per foot......$[illegible]
" 18 " " 1 50 " " 27 00
" 20 " " 1 50 " " 30 00

and fifty cents per foot for every additional foot.

Agents wanted for this Pump, either to buy County rights and sell the Pumps, on which a liberal discount will be given to the wholesale trade, and no charge for the right of Territory.

CITY COUNCIL.

Adjourned Meeting of the Board of Aldermen.

Finishing of the Regular Monthly Business.

The Dry Docks Located Permanently.

The Board convened at three o'clock, Alderman Swayne in the Chair. The roll was called, and a quorum being present the regular order of business was taken up where it left off the previous day.

PETITIONS

being still in order, Alderman O'Donnell, of the Fifth Ward, presented a petition signed by Diggs & Wafford, Bassegelluco, Wm. L. Duff, J. Merrifield, Swoob (the restaurateur) and others, setting forth the fact that the negro bar room on the corner of Main and Gayoso, and kept by the notorious negro, Joe Lusher, is the daily and nightly resort of crowds of noisy, drunken negroes, who, by their loud, boisterous and indecent behavior make the establishment an intolerable nuisance, and a constant source of annoyance to the neighborhood. The petitioners pray the Board to declare the same a nuisance in order that it may be abated by due process of law.

Alderman O'Donnell in presenting it said that he knew nothing of the affair personally, and therefore moved that it be referred to a special committee of five disinterested persons who shall investigate the allegation and report on the same to the Board.

Alderman Vincent said that he was in the habit of passing the bar-room daily, and he knew it to be a quiet, orderly place; that the petition was gotten up by a party who wished to get Mr. Lusher out of his stand, in order to get it himself, and much more of the same tenor, in praise of Mr. Lusher, winding up by moving to lay the petition on the table.

Alderman O'Donnell said that the motion to lay on the table was an insult to the petitioners. It was no more than right to examine into their alleged grievances, and he hoped that the motion to table would be withdrawn.

Alderman Vincent insisted on his motion, and it was put and voted down. The question then recurred on the original motion to refer to a committee.

Alderman Williams said that he had occasion to call at the saloon very frequently, (this is one of the "mills" where the blank registration papers were ground out,) and he had never seen anything wrong. It was always clean and orderly, and conducted in a civil and orderly manner.

Alderman Cicalla said he had occasion to pass by there every day. He never saw anything wrong. If the place was a nuisance we had a police.

Alderman Vincent reiterated his former statements defending Joe Lusher and his negro "lush drum," and accusing the petioners of wanting to get the stand themselves.

Alderman Gallagher stated (and for once nobody seemed inclined to doubt or contradict him) that he had been there very often day and night, and he thought it was a very quiet, genteel, orderly place.

The question to refer was then put and carried. The following are the committee: Aldermen Black, Cartwright, Ogden, Ellis and Joyce.

By Alderman O'Donnell: A petition from C. W. Goyer. Referred without reading to the Fire Committee.

By Alderman Cicalla: A petition of F. H. Logwood. Referred to the Improvement Committee.

By Alderman Renner: A petition, signed by a large number of keepers of beer gardens, in substance as follows: "The petitioners have noticed with satisfaction the action of the Board, in allowing a Sunday market and the cigar stands to keep open on Sunday. They pray the Board to so amend the existing Sunday laws as to allow them to sell beer on Sunday, as is done in European countries, subject to such restrictions as the Board may see fit to place upon them."

Alderman Renner moved to refer to the Ordinance Committee, who would examine into the matter and see if the prayer could consistently be granted. Adopted, and their reference made.

By Alderman Ellis: Petition from O. F. Prescott & Co., dealers in coal oil, lamps, etc., to be allowed to store — barrels of kerosene in the premises, corner of Overton and Bayou Gayoso streets.

These premises, Alderman Ellis explained, are just inside or on the border of the limits prescribed by the ordinance on burning fluids. The lot is surrounded by a nine foot fence, and no fire can come on it. He moved that the prayer be granted. Adopted.

By the same: The petition of C. F. Cayce, a blind man, to be allowed, through his wife and boy, to carry on the grocery business free of license.

Some little discussion arose as to whether the Board had any right to give any such privilege, but it was finally settled by Chairman Swayne, who ruled that the city had a right to forego or abate any charges that she might have in such a case. On this announcement Alderman Ellis stated that the police authorities had, also, promised not to interfere in the matter, and a vote being taken the required permission was granted.

A petition of the druggist who furnished the city hospital for 1867, was referred to the Committee on Claims.

COTTON ON THE BLUFF.

By Alderman Cartwright: A petition signed by almost all the cotton and commission merchants of the city in substance as follows: Whereas, the ordinance prohibiting cotton buyers and shippers from sampling, weighing and marking their cotton on the bluff preparatory to shipping it, is a source of great embarrassment and expense to them, the petitioners pray a modification or a repeal of the same. It is not their object, as they set forth, by this to interfere in any way with the business of the warehouse keepers, etc., but to relieve themselves of the trouble, annoyance and expense of sending samplers, markers and weighers around to a dozen different warehouses or sheds when they wish to send off a lot of cotton.

Alderman Cartwright moved that the prayer be granted.

Gallagher moved to refer to the Ordinance Committee, and on vote the reference was made.

Alderman Dyer stated that he was not present when the petition in relation to Lusher's bar-room was presented. As he had a petition in regard to the same matter, he moved to refer it, without reading, to the same committee. The reference was made.

Alderman Walcott presented a petition from Calvary Church to be allowed to add to the robing room. Granted.

THE SCHOOL FUND.

By the same: A petition signed by J. T. Meade, from the Memphis Board of Education, presented according to a resolution adopted at their session, May 10th, asking the Board of Mayor and Aldermen for fifty thousand dollars in School Fund Bonds to enable the Board to purchase lots and build schoolhouses for the year of 1869, according to the amended act passed 27th January 1869.

The petition, which was very voluminous, went on to state that by the ninth section of the old charter the Board of Education had the power to call on the Board of Mayor and Aldermen for seventy-five thousand dollars, in bonds, to purchase lots, etc.; beyond that sum the citizens had to be directly appealed to, to vote upon the appropriation. The bonds thus issued (the seventy-five thousand dollars) bore ten per cent. annum interest. The tenth section of the amended charter is better, in the opinion of the petitions, for the city tax-payers, than the said ninth, inasmuch as the bonds to be issued under its provisions are to run for thirty (30) years, and bear only six (6) per cent. interest, instead of running twenty years at ten per cent. Again, the amount of bonds provided for by this tenth section of the amended charter are limited to fifty thousand dollars per annum for a series of ten years, or an aggregate of $500,000 00—(unless by a vote the citizens should voluntarily impose upon themselves more), whereas, under the 9th section in the old charter, the city might have been taxed for the $75,000, and ten per cent. interest thereon, and perhaps a half million more, which might have been authorized.

The petition, after thus setting forth the powers of the Board and the laws on the subject, winds up in a grand burst of sentiment on the subject of free schools generally, wishing that they had Aladdin's lamp, so they could build several schoolhouses and get them to work *instanter*, and urging upon the Board the immense importance of the subject.

On motion of Alderman Renner, it was referred to the Finance Committee.

Alderman Moffatt presented a petition from the Irish Literary Society to be allowed to occupy, at a stipulated rent, the hall over the engine house on Poplar street. Referred to a Committee of Three, consisting of Aldermen Moffatt, Cicalla and Dyer.

RESOLUTIONS AND MISCELLANEOUS BUSINESS.

By Alderman Williams: A resolution to close, as nuisances, several designated slaughter houses in the corporate limits.

Alderman Gallagher moved to amend by substituting "all slaughter houses in the corporate limits. Lost. The question recurring on the original motion it was carried.

By Alderman Vincent: Resolution instructing the Street Commissioners to put crossings over the bayou on Hawley street. Adopted.

By the same: Resolution to allow the Street Commissioner to employ fifty men and the necessary carts. Moved to adopt.

Alderman Cicalla moved to refer to the Finance Committee.

Alderman Dyer thought that the force should be increased immediately.

Alderman Walcott hoped that the Board would not order an increase of force. There was no need for it. The streets are in a splendid condition. No city of the same size anywhere had its streets so clean or so well paved, and he hoped the Board would postpone increasing the force until next month.

Alderman Williams said he "agreed with the gentleman from the Eighth ward as to the streets of the city being clean and well paved, but that was right here in town; but there was folks a livin' out in the sirbirbs, and there the streets wasn't so clean and was almost totally completely unpassable sometimes always in bad weather. He was for a workin' of the streets in the spring of the ye'r, and *now's* the accepted time, and in the summer months when its so hot that they can't hardly work, to cut down the force to virtially nothin at all. It's a matter of economy to swell up the force in the spring of the ye'r, etc., etc.

Alderman Glancy called the attention of the Board to a pond of water with green scum on it, and said the force ought to be increased.

The motion to refer to the Finance Committee was put and lost, and the original motion was carried.

By Alderman Moffatt: A motion to allow Mr. Dean to lay a sewer. Granted.

By Alderman Moffatt:

Resolved, That the Street Commissioner be instructed in hiring teams to work on the streets, to give the preference, as much as possible, to those who are willing to take pay in tax scrip. Adopted.

REDUCTION OF WAGES.

By Alderman Walcott:

Resolved, That the wages of the street laborers be reduced from two dollars to one dollar and a half per diem.

Mr. Walcott said the reason why he offered this resolution was, that he was down on the levee a few days ago and saw the hands of Mr. Lawson loading a barge with stone. There were about one hundred of them at work, and he asked what price they were receiving, and was told one dollar and a half. The gentleman further informed him that, being in need of sixty workmen a day or two before, he let it be known, and immediately had application from a hundred and sixty. This shows that men can be obtained at a dollar and a half, in any number, and he was not in favor of paying two dollars when such was the case.

Alderman Gallagher informed the Chair that he was astonished at the gentleman. He thought the Board ought to set the example to the people, and raise wages instead of a cutting of them down. He was aware that indeveegials that imploy all sorts of men could get them for a (ahem) dollar and a half. They could get men that come down from Kero, he had no doubt, to work for a dollar and a half, or even a dollar a day. But ye couldn't get any such men as the Memphis street force to do it. Them was young men, but the street force are all of them got several wives and children to take care of. He hoped the board would lay the motion on the table, and moved to do so.

The motion to table was lost, however, in spite of this burst of eloquence, and the question recurred on Alderman Walcott's motion to adopt.

Alderman Dyer said that he was not for oppressing the poor. He was poor himself, and a working man. He had always worked for a living—many a time for less than two dollars a day—yes, for thirty cents a day, but the duty of this Board was to retrench. It was very well for gentlemen who are candidates and running for Criminal Judgeships to be constantly getting up in the Board and be making bombastic speeches about working-men, but what is wanted is economy. He hoped that the Board would cut down the wages.

Alderman Gallagher again got the floor, and holding a paper in his hand said he had been figerin' a little. Mr. Chairman, two dollars a day is just *thirty-six* dollars a month, and thirty-six dollars——

Alderman Dyer corrected Alderman Gallagher's arithmetic, and told him that two dollars a day would make fifty or fifty-two dollars a month.

Gallagher for once was stumped. While he was up, however, he took occasion to inform Alderman Dyer that he was *not* a candidate for the Criminal Judgeship.

Alderman Williams thought the Board orter think over this yer business. It was sorter serus. Those gentlemen that's a hirin gentlemen at a dollar and a half a day pays them a Saturday evenin's cash down ther money, while the Board didn't pay them no cash at all, but given em a order here or there. He thinks cutting of the'r wages down is a hardship at this here present time. Why look'y'here at us. We come here a two or three times a month and blow awhile, and git twenty dollars and mor'n that a month. Six dollars a day we're a gittin, and we're mighty ready to say cut down to a dollar and a half. Six dollars a day we're gittin, and say go ye with ye'r little dollar and a half to the pore hard workin men. He was agin it.

Alderman Glancy opposed the reduction, and moved to refer to the Finance Committee. Referred.

Alderman Walcott presented a communication from the City Engineer requesting the Board to modify or amend the ordinance relating to street cars running on the Nicholson pavement so as to allow them to be moved from one track to the other in case of obstruction like those which are now occurring at various places where the Nicholson is being repaired.

Alderman Marshall said he hoped the Board would do no such thing. The Street Railroads deserved no favors at their hands. They refused to pay their taxes, and their President, Farrington, acted more like he owned the streets than anything else. He hoped no favors would be granted them and moved that the communication be referred to the Ordinance Committee. The reference was made.

By Alderman Walcott: A resolution to put a lamp on each end of the bridge crossing the Memphis and Charleston Railroad at the head of Madison street. Referred to Gas Committee.

By Alderman Gallagher: An ordinance prohibiting slaughter-houses from the present city limits, and making it a misdemeanor, punishable with not less than five or more than twenty-five dollars to establish or run one in the city limits. Passed first reading and referred to the Ordinance Committee.

By the same: A resolution prohibiting sale of cattle on the streets and alleys under a similar penalty. Laid on table.

By Alderman Cicalla:

Resolved, etc., That the Street Commissioner be instructed to grade Wellington street from Beale to Union.

By Alderman O'Donnell: A resolution directing the Sergeant-at-Arms to have the cupola of the City Hall painted, and the ceiling of the Council Chamber whitewashed. Referred to the Finance Committee.

By the same: Resolution referring the account of James Nash (for eleven dollars and fifty cents), to a special committee of three. Reference made; committee to consist of O'Donnell, Renner and Durff.

By the same: Resolution instructing the Sergeant-at-Arms to purchase two dozen chairs for the use of the Council Chamber and Mayor's office. Referred to the Finance Committee.

By the same:

Resolved, That the city purchase for the use of the standing committees of the Board of Aldermen a serviceable wagon. Adopted.

By the same:

Resolved, etc., That a draft in favor of T. E. Brown & Co. for nine hundred and thirteen dollars and forty-six cents, drawn by the Boyd estate, be placed to the credit of the said T. E. Brown & Co. for taxes. Referred to the Finance Committee.

By the same:

Resolved, That the Mayor be instructed to advertise for five days for proposals to furnish the city carts until October '69—the bidder to enter into a written contract to be drawn up by the City Attorney.

A motion to refer to the Improvement Committee wrs lost. A motion to adopt was then made, and Alderman Williams went "dead agin' it, as it was a mere discrimination agin the *poor man*," whom, by the way, he has taken to loving powerfully since the election. The motion to adopt prevailed, however.

By Alderman O'Donnell: A resolution giving J. H. Bridges fifty dollars a month for reading the minutes of the Board. Tabled.

THE DRY DOCKS.

Alderman O'Donnell, of the Committee to whom was referred the resolution granting the Dry Dock Company the privilege of using that portion of the river front, reports in favor of allowing the said company to locate between the south side of Poplar street and the north side of Market, and of giving them, free of charge, all rights that the city possesses for the term of ten years; also the right to use the streets leading thereto—all this on condition only that the said Dry Docks Company do keep and use the said docks, and in the event of a failure on their part to do this, the rights thus conferred to revert to the city.

On motion, the report was adopted unanimously, (Gallagher voting in the negative.)

A motion was made by Alderman Dyer to reconsider the vote to purchase a wagon for the use of the committees, occasioned some humorous sparring, but was finally lost.

The petition of M. Sullivan, hack driver, to be allowed pay for his hack, damaged by a fire engine running into it, was received, and his account (thirty dollars) allowed.

The petition of M. C. Cayce to put a composition roof on a stable on Second street, was allowed, everybody except Alderman Williams, voting in the affirmative. (Wonder what Cayce has said against the late fair and honest registration?)

The claims of five Judges of Election for school visitors, five dollars each, were, on motion of Alderman Dyer, considered as a portion of the report of the Committee on Claims.

Alderman Dyer presented an ordinance allowing transient pedlars to take out a *pro rata* license. Passed first reading and referred to the Ordinance Committee.

By the same: Resolution to have the Engineer ascertain and report the cost of having Brinkley avenue widened. Adopted.

Alderman Joyce asked leave to change his vote in the question of instructing the Mayor to advertise for bids to furnish the street carts. He voted aye before, and wished to vote nay. This made the vote a tie and the Chair decided it by voting aye. Considerable discussion here followed.

Alderman Joyce moved a reconsideration of the whole affair.

Alderman Black said that no Alderman could be opposed to the resolution except those who had carts working for the corporation.

Alderman Marshall retorted that it was very fine for those who formerly did the same thing to twit those who were now furnishing carts to the city.

Alderman Moffatt said this recrimination was unnecessary, and that no Alderman ought to furnish either goods or labor to the city. It was disgraceful for gentlemen to be passing on their own contracts, etc., etc.

The motion to reconsider was put and was lost by the following vote:

Ayes—Aldermen Glancy, Marshall, Joyce, Durff, Gallagher, Renner, Ogden and Williams—8.

Nays—Aldermen Black, Dyer, Cartwright, O'Donnell, Cicalla, Walcott, Moffatt, Vincent, Holst and Ellis—10.

By Alderman Joyce: Resolution to change the market hours from the present (5 to 10 a.m.) time to 4 to 8 o'clock a.m. Alderman Joyce said this was to suit the butchers, and moved to adopt.

Alderman Glancy: "Mr. Chairman, before we take a vote on that I move to lay it on the table." The motion to table was lost, and the question recurring on the motion to adopt, it was carried.

By Alderman Joyce: Resolution declaring Ailanthus trees a nuisance, and ordering the City Engineer to have them cut down, not only on the streets but in private yards and gardens.

Referred, after a sharp debate, to the City Attorney to know if the city has any right to do anything of the sort.

By Alderman Marshall: Resolution ordering property owners on Fourth street, between Poplar and Market streets, to repair within thirty days. Adopted.

By the same: Resolution to re-sand and re-tar the whole Nicholson pavement. Referred to Finance Committee.

By Alderman Glancy: Resolution instructing the Chief of Fire Department to pump out the stagnant water in the old flouring mills cellar.

Alderman O'Donnell objected, and moved to refer to Fire Committee. Reference made.

Alderman Ogden reported the settlement with Mrs. Mary Mahaffy. Received and filed without reading.

By the same: Resolution to repair lattice work around the market. Referred to Market Committee.

By Alderman Dyer: Resolution granting $100 each to the two policemen, Rice and Swett, wounded in the discharge of their duty. Referred to Finance Committee.

THE BROWN PROPOSITION

was made the special order for Saturday evening at 4 o'clock, to which time the Board adjourned.

LAW REPORTS.

SHELBY CIRCUIT COURT—*G. W. Reeves, Judge.*—This Court was mostly occupied yesterday in disposing of the small cases on the Criminal Docket. There are but very few important cases on the docket this term. The majority of these will be brought up and determined in a few days.

U. S. CIRCUIT AND DISTRICT COURTS—*Justices N. H. Swayne and C. F. Trigg presiding.*—The business entertained in the above Courts yesterday was of an unimportant character.

Case No. 157, Stephens vs. Victor No. 2, is set for 9th June.

No business on the calendar for to-day.

A CARD TO PARENTS.—Having devoted a long life to the instruction of youth, and being now about to resign its more active duties, I take occasion to return my most hearty acknowledgments for the long-continued and generous support I have here received. Thanks are usually returned with the hope of more extended favors. It is not with this expectation that I do so; for I am profoundly grateful that my success has always been as marked as my devotion has been unfailing. I no longer seek general patronage. I will hereafter teach a select class of boys, from fifteen to eighteen in number, between the ages of eight and fourteen. This class will be received for a term of not less than two years. I desire such only as *can* and *will* be educated, and whose home training gives assurance that my labors will not be in vain. My object is to educate well, and not to waste the remainder of my life on those to whom nature and surrounding circumstances alike deny a high degree of intellectual cultivation. During my absence from the city (until September 20th) application for a place in this class may be made to any one of the firm of Clapp, Vance & Anderson, Attorneys at Law, or to F. W. Smith, Esq., People's Bank.

A. L. VIGUS.

THAT "REGISTRAR" AGAIN.

"Know then thyself, seek not God's work to scan,
The proper study of mankind is man."
—*Pope.*

"For man is practised in disguise,
He cheats the most discerning eyes."
—*Gray.*

That "Registrar" Williams, of whom so much has been written of late, dressed in gray (as a disguise), is surely a subject of public interest. First, he seems outside to be a Southern man from the color of his coat, but a little further trial exposes the "keow" or Yankee brogue, and then the honest inquiry comes, "Who is he?" "Whence comes this *mild* dictator, and why does he rule with an autocrat's authority?" And echo answers "why?" Are we so degenerated that the slime from the offal of desperation should thus taint our sensibilities?

Surely there are charges enough to sink him beneath our contempt, but still the favor of Count Fosco (Barbour Lewis), as described in the "Woman in White," keeps him up.

"Who e'er hath seen, or e'er shall see,
Man as himself—the secret spirit free."
—*Byron.*

We must have charity, but charity for his feelings will cover all. It is said he is insane, and there let him rest. We think an insane asylum will fill the bill, and suggest that he be taken out of Judge Hunter's hands and sent to the lunatic asylum at Nashville as an act of mercy.

"Quash" the Criminal proceedings and let him go free. CONSTITUTION.

LOCAL PARAGRAPHS.

—Matters in police circles were at a low ebb yesterday and last night. The dockets of both Districts showed, barring two or three entries each, clean hands.

—Mr. Charles Stebbins, of the firm of Muir, Stebbins & Pullen, of this city, died at his residence near Richmond, Va., on the 25th ult.

—Those who procure their daily provender from the markets will take notice that on and after Monday next the market hours will be changed from 5 to 10 o'clock to 4 to 8 o'clock a.m.

—Officer Cusick was ungallant enough yesterda yafternoon to escort Miss Annie Lewis to the First District station, and there enter against her the charge of drunk. The truth of the accusation will be looked into this morning.

—Mr. Waldran, the popular conductor of the Memphis and Ohio Railroad, leaves to-day for New York and Canada, where he expects to spend a few weeks of the summer. He has our best wishes for a pleasant trip.

—The fishing season has again fairly commenced. As will be seen by an advertisement in another column excursion trains run out to Ten Mile Bayou every day. The ferry leaves the foot of Union street at 7 a.m. and returns at 6 p.m.

—On Sunday evening last, about seven o'clock, an affray took place at Franklin, between two young men, McGavock and DeGraffenreid, in which the former was mortally wounded by the latter with a bowie knife. The murderer was not arrested.

—The season at Raleigh Springs opens to-day with a grand pic-nic, bran dance and barbecue. No pains or expense have been spared to make the opening one of the pleasantest affairs that has occurred this season. Trains will run on the Memphis and Ohio Railroad, leaving at 9½ and 11½ a.m. and 5 p.m., and return at 6 p.m. The Transfer Company's omnibuses will be at the National Cemetery to convey passengers to the Springs.

—The report of James M. Safford, State Geologist, has just been published by the State Printer. It is a book of over five hundred pages, and embodies the principal results of the geological surveys and and researches made by that gentleman at intervals during the last twenty years. It contains a vast amount of scientific research which will be invaluable in connection with the interests of the State.

—A little daughter, only four years old, of Mr. Jno. Frechette—known to the multitude as "French John"—strayed from the house of her parents yesterday afternoon, and for a time the family were in great distress lest serious harm had befallen the little wanderer. She was picked up however, near Wolf river late in the afternoon by some kindly disposed person, and when found by her anxious father was enjoying a nap after her four hours' tramp.

—A couple of young gentlemen whiled away a portion of the tedious and tasteless hours of yesterday afternoon by slipping quietly into the back-room of a banking-house near the corner of Front and Madison streets, and very muscularly punching each other's heads for the space of ten minutes. The entertainment was strictly private, and this reporter is unable to chronicle which of the light-weights can claim first blood. The abrupt entrance of a "pillar of the church" into the apartment brought the affair to a close without the customary "rally and knock-down for the wind-up." Freights steady at previous quotations.

—In the investigation of the fraudulent use on Customhouse documents of cancelled Internal Revenue stamps, recently made by Col. Frank E. Howe, Special Agent of the Treasury Department, it was discovered that the practice prevails among merchants of making use of stamps which had been removed from unaccepted drafts. The question having been submitted to the Commissioner of Internal Revenue, the following decision has been given: "When a stamp has been attached to a draft and cancelled, and the draft issued or delivered, the efficacy of the stamp is exhausted, and it is illegal to remove it and affix it to another paper. The acceptance or non-acceptance of the draft makes no difference. If any person removes or uses a second time a stamp which has been once used, he is liable, on conviction, to a fine not exceeding $1000, or imprisonment not exceeding five years, or both such fine and imprisonment.

—Calvary Church was crowded last evening by the beauty and fashion of the city, present to witness the marriage of Mr. Horatio Ward to Miss Mary McGee. Precisely at half-past eight o'clock the Rev. Dr. White, Rector of Cavalry, entered the chancel. This was the signal for a grand outburst by the organist, Mr. Schultze, who continued to play a variety of appropriate airs until the arrival of the wedding party, who proceeded to the altar in the following order: The groom, escorting Mrs. Dr. Arthur Taylor; Dr. Arthur Taylor, escorting the bride, who was dressed most becomingly and in a way to enhance her beauty; Miss Annie Taylor and Mr. Ed. Foster; Miss Sue Martin and Mr. Addison Hays; Miss Bettie McGee and Mr. Willie Gray; Miss Lizzie Baxter and Mr. Wright. Arriving at the altar Dr. White at once commenced the service, so impressive and appropriate, upon the conclusion of which the bridal party proceeded to the residence of Dr. Taylor, on Adams street, where the bride and groom received the felicitations and congratulations of their friends. In conclusion, we may be permitted to add ours, and to express the hope that the future of Mr. and Mrs. Ward may be one of unmixed happiness and prosperity.

—The old saw so often quoted, "Truth is stranger than fiction," if paraphrased to "truth is more ludicrous than fiction" and applied to many of the sayings accredited to negro preachers, would be equally apropos and true. We have read a good many manufactured negro sermons, but in none of them have we ever met with anything more mirth-exciting than the following, the authenticity of which is vouched for by a friend: The occasion was a big Saturday night revival prayer meeting, and there were assembled some three or four hundred darkies of all ages and sexes, whom three colored "divines" were alternately exhorting, persuading, scolding, threatening and arguing into spasms of religious fervor. All at once one of the said "divines," old uncle Charlie Wragg, as he was called (and who will be remembered by every man, woman and child who lived in Mobile in the good old *ante bellum* times), broke out into a loud "yah—yah—yah" shouting and clapping his hands, apparently in an ecstasy of delight. "What is it, brudder Wragg? What dat de Lord done bin said to you?" asked two or three of the brethren, anxious to know what old Charlie had "found." "Yas brudders," said he, as if continuing a discourse, "Old Satan is mighty sharp, I tell *you*—de old sarpent dat he is; but, bress God! de Lord is a heap sharper. What you tink he said to de Lord one day? He met de Lord and Master walkin' round and round de yeath, and he had de impudence to ax him ef he knowed Job." "What! my sarvent Job?" de Lord axed him. "*Dy* sarvent Job—dy sarvent Job, indeed. I gwine to make dat same Job cuss you to your face." Dat he did, my breddrin—de old sarpent had de sass to say dem berry words (a groan from the audience). But de Lord he was a shinin in a full blaze of alabaster glory all de time—just looked at him and said "you 'caitful, owdacious willin! I'm gwine to put you into de pit for a thousand years (groans from the audience and an a-men); yes I is, 'an I got a great mind to put you dar for two thousand years (cries of "glory"—"You hear dat!" Dat's so, bless God!") and den arter dat, ef I cotch you aroun' blowin' daterway agin I'll put you in dar for ebber, ef *I hatter to do it at de pint of de bay'net!*"

MAGAZINES FOR JUNE.

The Catholic World.—This sterling monthly comes to us more than usually full of excellent reading matter. It contains an able article on spiritism and spiritists (a critique on "*Des Rapports de l'Homme avec le Demon*,") "Planchette: or the Despair of Science," "The Spirit-Rapper," and other similar works, "Day-break," "Good Old Saxon," "Waiting," "The Supernatural," "Two Months in Spain during the late Revolution," etc., etc. Mansford, at the Catholic Bookstore, has it for sale.

Deitz Experimental Farm Journal.—We have received the fifth number of this new agricultural monthly, edited by that veteran horticulturist and seedsman, Geo. A. Deitz, of Chambersburg, Pa. In typography and make-up it is one of the most beautiful of all the serials that come to us. The cover is really a work of art, and is by far the most suggestive thing of the sort that we know of. In our next WEEKLY will be found an advertisement of Deitz's new seed wheat, to which we call the attention of our readers.

The Southern Cultivator.—The June number of this old established and reliable monthly is at hand with its usual varied store of news and wisdom for the farm, garden and plantation, divided into agricultural, stock, mechanical, horticultural and household departments. It is published by Wm. & W. L. Jones, Athens, Ga.

MORE ABOUT NICHOLSON PAVEMENT.

Editors Memphis Appeal: In answer to your article of Tuesday, permit us to say you are mistaken in supposing that the city, by accepting our proposition, "assume all the risk and expense of the collection of such claims." This burden *now is* upon the city. The obligation of the contractors ceases when the bill is presented to the property owner, payment demanded and refused, and the bill is delivered to the City Attorney for the city to sue upon, not the contractors. And again you think we "ought to be content with the profits we have made, etc." We are content with the profits we have made—that is just what we are after. We want pay for our work. You think it is the duty of the Board to decrease rather than increase the city debt. So do we, and that is just what they do by accepting our proposition. You suggest there are more streets to be paved. We suggest that it would be more creditable to pay for what *have been* paved. If you will please read carefully the contracts in reference to the matter, or our communication in the *Ledger* of Monday last, we shall not differ so widely on the facts or the rights of the parties.

RIVERS, WEATHER AND BUSINESS.

MEMPHIS GAS WORKS, June 2.

River fell ½ inch in past 24 hours. Below city high water mark, 15 feet 10½ inches; below high water of 1867, 16 feet 10¼ inches. CHAS. GOODWIN.

After declining some 15 feet the river at this point is again rising. What this swell will amount to it is yet hard to tell, but we think it will be but a temporary one. The rise above is attributed to late heavy rains, and is not even suspected of being the forerunner of the June swell. The latter will this season be a flash in the pan, or we are no prophet. The Cumberland is low; 30 inches on the shoals was the latest report. By a private dispatch received by us to-day we learn that the Arkansas is rising, with 4 feet to Little Rock and 3 feet to Fort Smith. White river is falling. The latest news from points above will be found at the head of this column. Weather warm and sultry. Business rather quiet.

MISCELLANEOUS.

An evidence of the dull times prevailing among steamboats on the Alabama river is seen in the fact that Stuart W. Cayce, of the Mobile Trade Company, has quit the river and is now cultivating a persimmon crop in the "Free State of Baldwin," intending to ship them North. Last year he invested heartily in paw-paws, and was successful, thereby sustaining the Trade Company throughout the past summer.

Jerry Coates is now an inmate of St. Mary's Infirmary at Cairo, and is lying very ill. It will be recollected that Capt. Coates met with a serious accident two or three months ago—one that involved the loss of a leg. From the effects of that accident he has never recovered, and fears are entertained that he never will.

The Dry Docks will be located at some point between Washington and Market streets. It is settled at last, and they will be here next week.

The Ben Campbell makes regular trips hence to Mound City as per her card. Fishermen should note this fact.

The elegant Natoma, being entirely overhauled and in splendid order, leaves to-day for all points on White river. She connects with the Little Rock train closely. Wm. Ashford is master, and Garrett Huls, a careful, popular and well known gentleman, has charge of the office, assisted by John Smither.

The United States mail packet W. A. Caldwell, Capt. Rube Haynes, with Ed. Outlaw and Bob Shields in the office, backs out to-day for Little Rock and way points on the Arkansas. She connects with the packets for Fort Smith.

The splendid Belle St. Louis, Capt. Aleck Ziegler, will leave to-day for Cairo and St. Louis, connecting with the trains North and East. Mr. Baskette is clerk.

The magnificent low pressure Richmond will pass down to-day for New Orleans. She is more than elegant in every respect as a passenger packet. Capt. Stut Neal is master, and Messrs. Woolfolk and Lodge are her clerks.

The Alice Dean, Capt. Shunk, leaves at noon for Vicksburg and New Orleans. She is a good packet, and Memphians will find Capt. Carter, formerly master of the Darling, at the Dean's desk. He is a favorite here and his presence will insure a big trip.

Abram Coy, engineer on the steamer Gem, was stabbed Monday evening, in St. Louis, in an encounter with Frank Weeney. The wound is probably fatal.

The Silver Spray is due from below.

The Minneola got away for Cincinnati with a fair trip.

The Cora S., recently sunk in the Arkansas, was at Pine Bluff yesterday on her way to Fort Smith.

Accidents have occurred this season as follows to mountain steamers in the Missouri:

Antelope, burned April 12th, twenty miles above Yankton; total loss.

Urilda, sunk in Kate Sweeny's Bend, April 23d, total loss.

Tennessee, sunk in Louisville Bend, 75 miles above Sioux City, April 25th; total loss.

Nick Wall, sunk near Brownville, April 27th. Raised and now in dock.

Benton, sunk above De Soto, May 13th; how badly sunk is not known at present. Submarine No. 14. will try to raise her.

Capt. DeHaven returned to this city on Tuesday, after an absence of some days.

The Thompson Dean will be followed by the Lizzie Gill from St. Louis.

The Louisville, which went to Keokuk with a load of railroad iron, took a run up to Rock Island after a load of produce.

White river, Indiana, only lacks a few inches of being as high as at the flood of ten years ago. The Sciota is also very high.

Up to the evening of the 27th, the Missouri had risen at Leavenworth upwards of four feet.

PILES.
WIGGS'
BUCKEYE SALVE
FOR THE
CURE OF EVERY FORM
OF
Hemorrhoids or Piles.

WHETHER OF LONG STANDING OR RECENT origin, internal or external, alone, attended with Prolapsus, Hemorrhage or obstruction, and all by

EXTERNAL APPLICATION!

No internal adjuvants being required in any case, only to regulate the bowels if constipated, or in Diarrhea or Dysentery.

The PILES, while astonishingly prevalent in their various forms amongst all classes of both sexes, are, at the same time, the most distressing, frequently dangerous, and hitherto most difficult of cure.

Persons who suffer any length of time with the Piles generally try everything they can learn of purporting to cure the disease, yet realize no permanent advantage therefrom. They have been told professionally, perhaps, there was "no permanent cure for Piles," and consequently have despaired of any future cessation from pain and suffering.

To all such a SPECIFIC is offered for their relief. The

BUCKEYE SALVE

Is a strictly scientific combination of well known remedial agents, and the proprietors have no hesitation in saying the BUCKEYE SALVE is the

ONLY INFALLIBLE SPECIFIC

Ever discovered for that disease, and which cures by outward application only, and that in time to come, as in the past, it will stand the test of trial without a failure, to perform all the proprietors claim for it, if the directions are attended to.

A large number of gentlemen throughout the country of high character and influence have voluntarily attested to its efficacy in their own cases, not from hearsay, and whose certificates may be seen by reference to the publications.

The proprietors will forward to any address one bottle, postpaid, on receipt of the retail price, One Dollar per bottle.

A Liberal Discount to Druggists and Dealers in Medicine.

This Salve will keep in any climate for years.
